Forecast For Northwest England
Issued by Met Office Exeter
at 1600 on Saturday 09 Oct 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Patchy rain clearing overnight, dry with sunny spells on Sunday.

This Evening and Tonight:
It will be cloudy this evening and at first tonight with some outbreaks of mainly light rain moving southeast across the region. The rain will clear after midnight with all parts becoming dry with clear spells by morning. Minimum temperature 6 deg C (43 deg F).

Sunday:
Sunday promises to be a dry and bright day with some decent sunny intervals, and with only patchy fair weather cloud developing through the day. Feeling fresh in the breeze. Maximum temperature 15 deg C (59 deg F).

Outlook for Monday to Wednesday:
After a bright start cloud and patchy rain will return on Monday, lingering into Tuesday. Mainly dry with sunny spells on Wednesday after early fog clears. Cooler than of late.
